FROM AYF'S REPORT, 2023–2026

THE FOUNDER

AMB. MOSES N. BUWEE

FOUNDER & EXECUTIVE DIRECTOR

Moses N. Buwee founded African Youth Fellowship as a platform for young Liberians to take part in peace, human rights and national development. He leads AYF's partnerships, its diplomatic engagements and its public statements.

He holds a Bachelor's degree in Sociology from United Methodist University. Under his leadership AYF has convened the annual Youth Assembly at the European Union compound in Mamba Point, organized Run4Peace on the International Day of Peace, and joined national calls for a War and Economic Crimes Court.

In November 2025 he paid a courtesy visit to the United Kingdom Ambassador to Liberia, H.E. Simon Tooth, to strengthen partnership for youth development.

LEARN. ORGANIZE. DIALOGUE. ADVOCATE. VOLUNTEER. LEAD.

AYF-Liberia is a youth-focused nonprofit organization committed to sustainable peace, human rights, youth empowerment, and advocacy. The organization was established from the recognition that Liberia's young people represent one of the country's greatest resources and should have meaningful opportunities to participate in shaping the nation's future. AYF-Liberia creates spaces where young people can learn, organize, dialogue, advocate, volunteer, and lead. Its work is grounded in the belief that young people should not only inherit Liberia's future; they should have a meaningful role in building it.

On its Facebook page AYF describes itself as a non-profit youth-based organization registered in Liberia to promote peace, culture and the talents of youths, and to provide a supportive platform challenging the creativity of youths in Africa.

MISSION

AYF-Liberia is dedicated to cultivating leaders who champion sustainable peace within their communities.

VISION

A violence-free society where citizens exercise their rights and have meaningful opportunities to voice concerns that shape and improve their lives.

CORE VALUES

- Inclusion and equality
- Accountability
- Community participation
- Partnership and collaboration
- Innovation and positive action

International Volunteers Day 2024

WHAT WE FOCUS ON

FIVE AREAS OF WORK

01
PEACEBUILDING

Fostering peaceful coexistence among young people, guided by UN Security Council Resolution 2250 on Youth, Peace and Security.

02
HUMAN RIGHTS

Protecting and promoting equality, justice and dignity for all Liberians; transitional justice and support for abolishing the death penalty.

03
YOUTH EMPOWERMENT

Equipping young people with skills, knowledge and opportunities to lead, and to move from learning to earning.

04
ADVOCACY

Policies and initiatives for sustainable peace, social justice and inclusive development: mob violence, human trafficking, drug abuse, youth unemployment and accountability.

05
INCLUSION

Intentionally including persons with disabilities, women and marginalized groups, from digital training to a disability category at Run4Peace.

YOUTH, PEACE & SECURITY

A central theme across the organization's work is that young people are not simply beneficiaries of peace and development. They are essential actors in building and sustaining peaceful, inclusive, and accountable communities. AYF-Liberia therefore continues to align its programming with the principles of United Nations Security Council Resolution 2250 on Youth, Peace and Security and to support the implementation of Liberia's Youth, Peace and Security Action Plan.

THE PEOPLE BEHIND THE MISSION

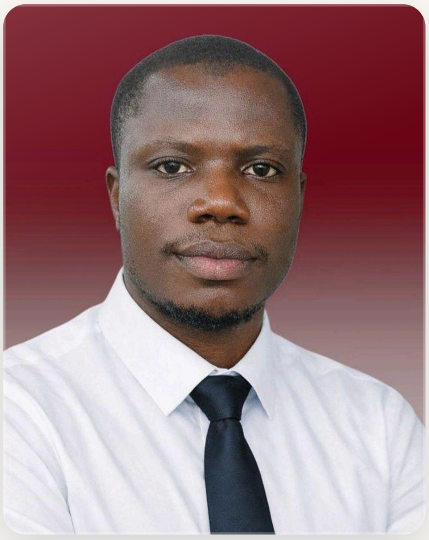

AYF works largely through volunteers who give their time and skills to make a positive difference in the lives of young people. A dedicated Board supports the work.

COVER STORY

THE YOUTH ASSEMBLY

The Youth Assembly was established as an annual national platform for young Liberians to discuss national challenges, develop recommendations, engage policymakers, and contribute to Liberia's peace and development agenda. Key themes include Youth, Peace and Security; human rights; transitional justice; accountability; drug and substance abuse prevention; youth empowerment; leadership; civic participation; social cohesion; and national development.

2024

The first Youth Assembly met on 30 May 2024 at the European Union Office in Mamba Point under the theme “Fostering an Inclusive Path towards Sustainable and Systematic Solutions for Youth Empowerment.” Eighty youth leaders from Montserrado, Bong and Margibi took part, with guests from Sierra Leone. They discussed mob violence, human trafficking, drug abuse and youth unemployment.

2025

The 2025 Youth Assembly was held under the theme “Youth for Peace: Advancing Accountability and Building Sustainable Peace in Liberia.” It brought together youth organizations, civil society representatives, development partners, diplomatic representatives, United Nations actors, government institutions, and other stakeholders.

Held on 26 June 2025 at the EU Delegation compound with more than 100 participants. Speakers included EU Ambassador Zoltan Szalai, UK Ambassador H.E. Simon Tooth, Deputy Minister Brayant McGill and keynote speaker Adama Dempster. A report of the Assembly was presented to the UK Ambassador.

2026

The Youth Assembly 2026 was scheduled for 21 and 22 October 2026 in Monrovia, managed by Augustine C. Boakai.

AYF-Liberia remains committed to expanding the Youth Assembly beyond Montserrado County and strengthening it as a national platform capable of reaching young people across Liberia’s 15 counties.

SPORT FOR UNITY

RUN 4PEACE

AYF-Liberia uses sports as a practical tool for peacebuilding, social cohesion, community engagement and public awareness. Every September, on the International Day of Peace, AYF brings Liberians onto the streets of Monrovia to run and walk for peace.

2024 · "CULTIVATING A CULTURE OF PEACE"

21 September 2024, from the Ministerial Complex to Invincible Park, marking 21 years of peace. More than 200 participants, with Gbowee Peace Foundation Africa and the Universal Peace Federation.

2025 · "One Liberia, Moving Forward Together"

On Saturday, September 20, 2025, AYF-Liberia organized the AYF Walk/Run4Peace 2025 in commemoration of the International Day of Peace under the theme "One Liberia, Moving Forward Together." More than 200 participants from Montserrado County took part, including youth groups, civil society organizations, government representatives, development partners, women's groups, persons with disabilities, athletes, community leaders, volunteers, and members of the public.

The event served as a public peace advocacy platform promoting peace, national unity, social cohesion, tolerance, and meaningful youth participation in peacebuilding. Participants completed a 5K Peace Walk/Run from ELWA Junction (LRA) to Fish Market in Airfield Sinkor, carrying messages of peace, reconciliation, respect for human rights, and peaceful coexistence.

During the program, Amb. Moses N. Buwee, Founder of AYF-Liberia, thanked participants, partners, volunteers, and stakeholders and emphasized that peace cannot be sustained by one institution or group alone. He encouraged citizens to contribute through tolerance, dialogue, respect for human rights and responsible citizenship, while calling on young people to serve as active peace ambassadors.

SKILLS FOR PEACE

DIGITAL EMPOWERMENT

Launch of the Digital Empowerment programme

Launched in late 2024 with YMCA Liberia and UNFPA support under the UN Youth Promotion Initiative, the Digital Empowerment for Peacebuilding and Advocacy programme trains young people in digital skills, content creation and peace dialogue.

AYF-Liberia promotes the responsible use of digital platforms for advocacy, communication, peacebuilding, civic participation, cybersecurity awareness, and positive social messaging. The organization also promotes opportunities for women, persons with disabilities, vulnerable groups, and marginalized communities to participate in peacebuilding, leadership, civic engagement, and community development.

Plans include two offline e-libraries in the Fiamah and 12th Street communities. AYF staff also completed Digital Ethics and Digital Literacy training with UN Women and Accountability Lab, and a three-day digital tools course at the Orange Liberia Digital Center.

GANTA, NIMBA COUNTY

AGAINST HUMAN TRAFFICKING

Human trafficking poses a serious threat to young people, women, children, and other vulnerable communities. In response to the need for greater public awareness and community action, AYF-Liberia launched its first Anti-Human Trafficking Campaign on July 11, 2024, at the Liberia–Guinea border in Ganta, Nimba County, Republic of Liberia, with support from the European Union Delegation to Liberia and National Oil Company of Liberia (NOCAL). More than 120 stakeholders participated, including youth, community leaders, law enforcement officers, government representatives, and other relevant actors. The campaign promoted awareness of human trafficking and emphasized community responsibility, law enforcement cooperation, public education, and cross-border collaboration.

More than 60 participants heard lectures from the Ministry of Labour and the Liberia Immigration Service. Following the indoor program, participants engaged with law enforcement actors across the Guinea border to exchange experiences and strengthen cooperation. The campaign also used educational materials and social media awareness activities to extend its reach.

AYF-Liberia continues to view youth engagement as an important part of trafficking prevention, recognizing young people as potential community educators, advocates, and early-warning actors.

JUSTICE & ACCOUNTABILITY

African Youth Fellowship (AYF) recognizes that sustainable peace is closely connected to justice, accountability, and respect for human rights. The organization creates platforms for young people to understand their rights, engage in discussions about Liberia's history, participate in transitional justice conversations, and advocate for accountability.

Through the Youth Assembly, peace dialogues, human rights activities, and civic engagement initiatives, AYF-Liberia encourages young Liberians to participate constructively in national conversations on justice and accountability.

For AYF-Liberia, sustainable peace is more than the absence of violence. It also involves dignity, justice, equality, accountability, and respect for human rights. The organization therefore remains committed to ensuring that young people have meaningful opportunities to participate in Liberia's transitional justice and national accountability discussions.

WAR CRIMES COURT

On 2 December 2025 AYF joined the Independent National Commission on Human Rights, civil society and victims to submit a 36-page proposed amendment, "An Act to Establish a Special War Crimes Tribunal for Liberia", to the Senate Committee on Judiciary and Human Rights.

REMEMBERING ST. PETER'S

On 29 July 2025, at the memorial of the St. Peter's Lutheran Church Massacre, the founder called for the War and Economic Crimes Courts.

AGAINST THE DEATH PENALTY

AYF joined the Civil Society Human Rights Advocacy Platform for the International Day Against the Death Penalty 2025 and supports abolition.

SPEAKING UP

Public statements condemned violence at the CDC headquarters (August 2024) and at the Capitol Building (December 2024), and urged diplomacy after the Lofa County border incident (March 2026).

VOTE, NOT FIGHT

VOTE NOT FIGHT

In partnership with the ECOWAS Volunteers Programme, AYF-Liberia implemented the "Vote Not Fight" campaign in communities including Peace Island Community, Fiamah Community, and the Liberia–Sierra Leone border area. The campaign encouraged citizens, particularly young people, to reject electoral violence and participate peacefully in the democratic process.

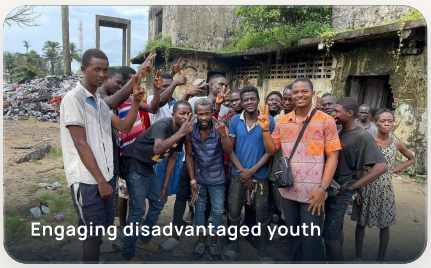

LEADERSHIP & PEACE CONFERENCE 2023

During Liberia's 2023 national elections, AYF-Liberia organized a Leadership and Peace Conference in Montserrado County, bringing together more than 100 youth and community leaders. The conference promoted peaceful participation, responsible leadership, violence prevention, tolerance, democratic values, and constructive youth engagement during a sensitive electoral period.

YOUTH ELECTION OBSERVATION

Following the Youth Peace Dialogue and Media Executives Conference supported by the European Union, AYF-Liberia was accredited by the National Elections Commission (NEC), enabling young people to participate as official election observers in Montserrado and Bong Counties. Young observers were mobilized to monitor the electoral process, document observations, and contribute to the promotion of transparent and peaceful elections. Their reports were submitted to relevant stakeholders, including the National Elections Commission and the European Union Delegation to Liberia.

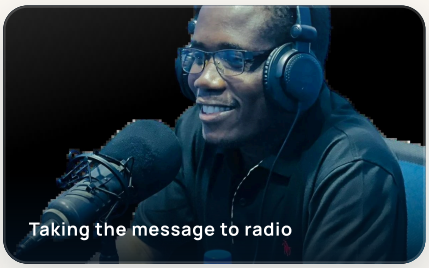

Engaging disadvantaged youth

Engaging Disadvantaged Youth reached more than 80 young people in five ghetto communities.

Service to community

Youth 4 Peace, "Raising Youth Voices for Peace", engaged more than 5,000 young people online and in dialogue during the 2023 elections.

Taking the message to radio

The AYF Peace Relief Program set out to reach 1,000 families in five counties with food and clothing.

YOUTH SPOTLIGHT

Each August, around International Youth Day, AYF profiles young changemakers. The 2025 edition ran from 10 to 31 August 2025. Impact stories followed for National Youth Day, and AYF Youth Impact Awards were presented in 2023.

YOUTH EMPOWERMENT

FROM LEARNING TO EARNING

AYF-Liberia recognizes that sustainable peace is closely connected to the social and economic conditions affecting youth. Limited access to quality education, practical skills, employment opportunities, leadership platforms, and meaningful participation can increase young people's vulnerability to exploitation, violence, substance abuse, trafficking, and other social challenges.

For this reason, AYF-Liberia considers youth empowerment, economic opportunity, and inclusion essential pillars of sustainable peace and development. Through its programs and partnerships, the organization provides opportunities for young people to strengthen leadership capacity, develop practical skills, access mentorship, improve digital literacy, and engage in advocacy and peacebuilding.

YOUTH ECONOMIC EMPOWERMENT PROGRAM

Through its Youth Economic Empowerment Program, AYF-Liberia has supported young people in acquiring vocational and technical skills and connecting training to employment and livelihood opportunities. In 2024, the organization supported 10 young people in vocational and professional skills development. Six of the 10 beneficiaries have transitioned into employment in the public and private sectors. In 2026, AYF-Liberia is also supporting additional young people pursuing professional development in various disciplines, including Human Resource Management, Information Technology, Compliance, Communications, and other professional fields.

The program reflects AYF-Liberia's broader goal of helping young people move from learning to earning and from dependency toward greater self-reliance and responsible citizenship.

LOOKING AHEAD

ENGAGE. EMPOWER. TRANSFORM.

AYF-Liberia continues to expand youth economic empowerment and professional development. The organization has also welcomed volunteers and interns through engagement with the Ministry of Youth and Sports. AYF-Liberia plans to launch a Youth Economic Empowerment Campaign targeting 1,000 young people across Liberia's 15 counties. The campaign is intended to contribute to national youth development objectives through skills development, entrepreneurship, employment readiness, mentorship, and professional development.

The organization remains committed to supporting the implementation and achievement of Liberia's National Youth, Peace and Security Action Plan by translating YPS commitments into practical community action.

CHALLENGES WE ARE WORKING ON

- Limited financial resources to sustain and scale programs.
- Need for organizational capacity strengthening.
- Inadequate logistical support for nationwide activities.
- Limited access to long-term and predictable funding.
- Challenges in reaching more young people beyond major urban areas.

The organization's continuing direction is anchored in a simple commitment: to engage, empower, and transform young people while contributing to a peaceful, inclusive, and accountable Liberia. AYF-Liberia will continue strengthening partnerships, expanding youth participation, supporting the YPS agenda, and creating pathways that help young people move from learning to earning and from dependency to self-reliance.
